

CURIOUS MINDS

COMPASSIONATE HEARTS

COURAGEOUS SPIRITS

Roberta MacAdams School is a place of belonging where every person has value.

Together we nurture safe, trusting and respectful spaces of community that support risk-taking, honour voice and celebrate diversity.

Shaping authentic, meaningful and interconnected learning and life experiences that empower children on their educational journey, inspires and guides our professional conversations, research and relational work.

The curiosity, creativity, compassion and courage in children holds promise for deepening our relationships with one another and with the earth.

A vital and healthy school community emerges when we provide the conditions in which play, laughter, joy, love and hope, can take root and grow.

EVERY CHILD,
EVERY DAY.
